\$650,000	\$71,500-143,000	\$25,025-50,050	\$10,725-21,450	\$14,300-28,600	\$10,725-21,450	\$7,150-14,300	\$3,575-7,150

Helpful Hint

Leave a little wiggle room in your budget for unplanned expenses. There are often "surprises" lurking behind the walls, especially in older homes. You don't want to be left unable to address those issues.

Thinking Green

Some "green" products may increase your initial cost but will payback in the long term.

EVERY JOB DONE RIGHT.
